- Front End: IONIC
- **API: PHP**
- Back End: MySQL

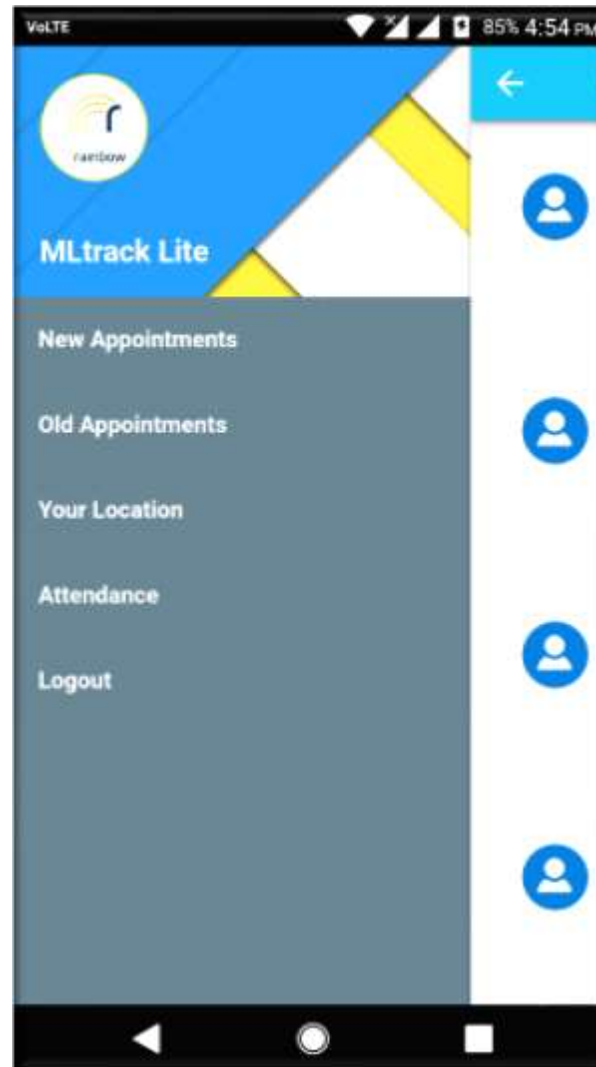

# Internet Based Connectivity

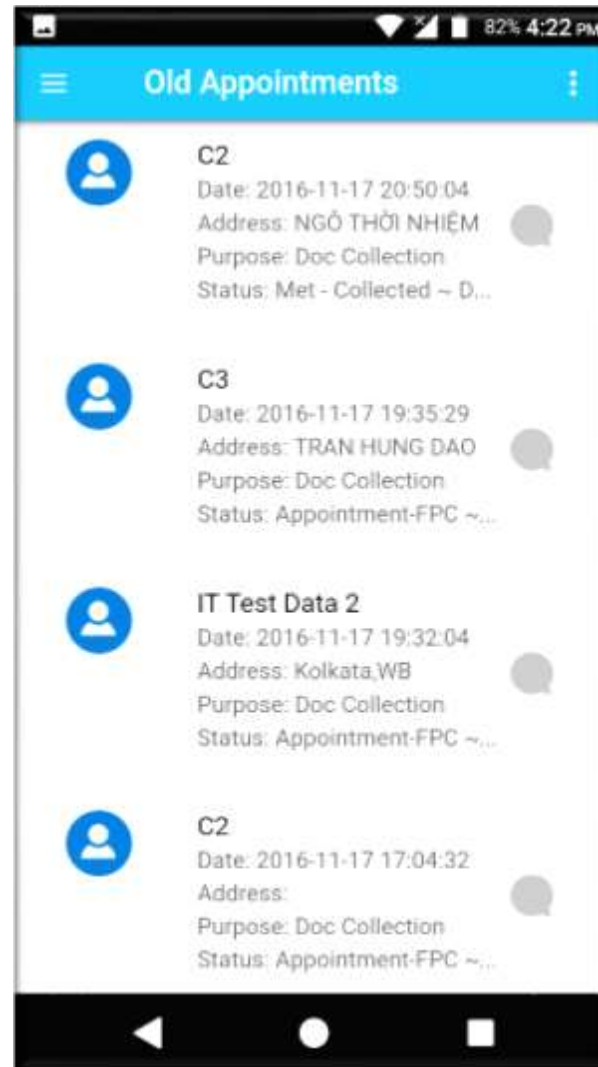

# Login - User Specific ID

A screenshot of a mobile application login screen. At the top, the status bar shows signal strength, Wi-Fi, battery at 82%, and time 4:25 PM. The app's logo, "rainbow", is centered, with a stylized rainbow icon to its left and the tagline "Partners Towards Prosperity" below it. Below the logo are two input fields: "Username" and "Password". A bright blue button labeled "LOGIN" is positioned below the password field. The bottom of the screen shows the standard Android navigation bar with back, home, and recent apps icons.

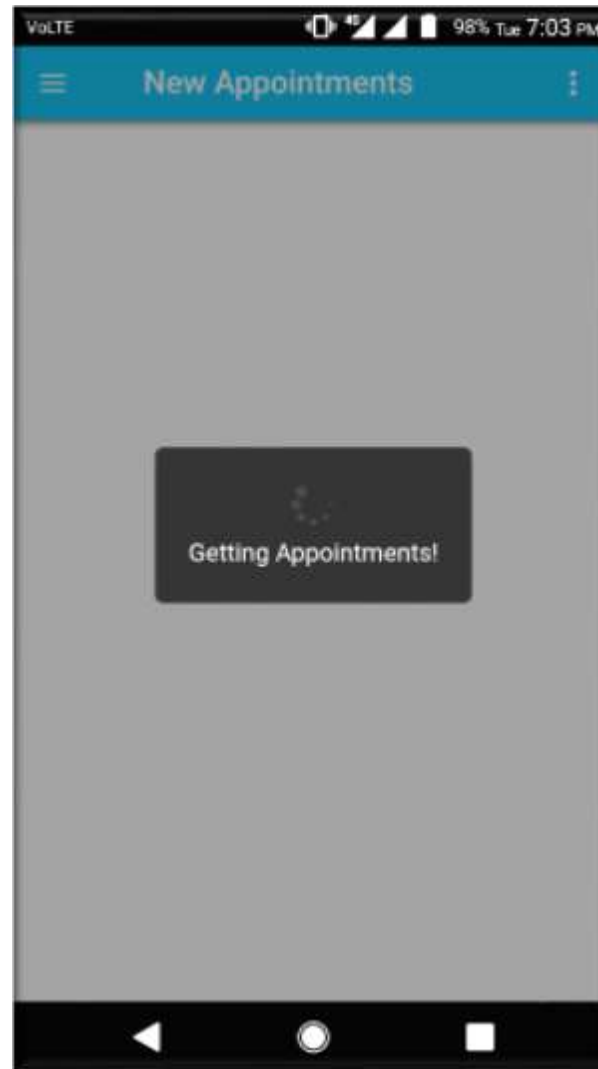

# Easy Slider Menu

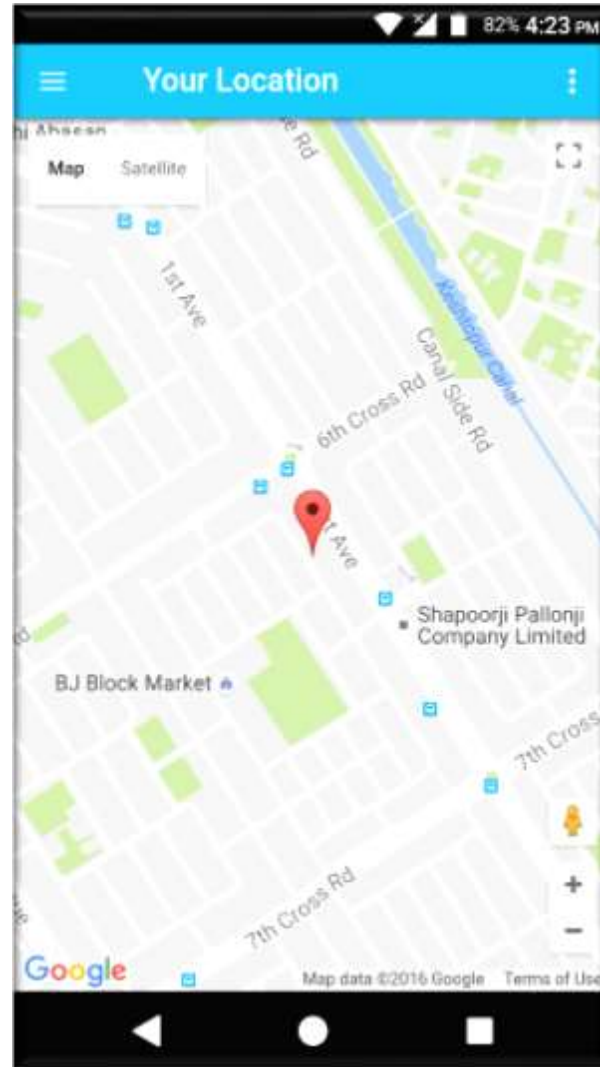

# Appointment List – Old & New

# Appointment – New Uploads

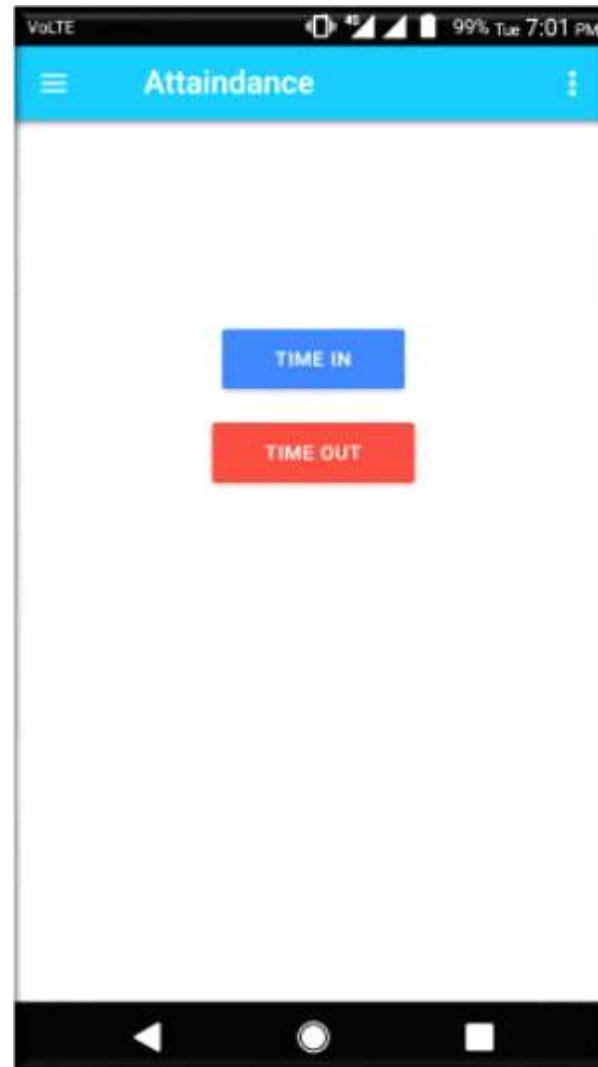

# Field Operative – Map Support

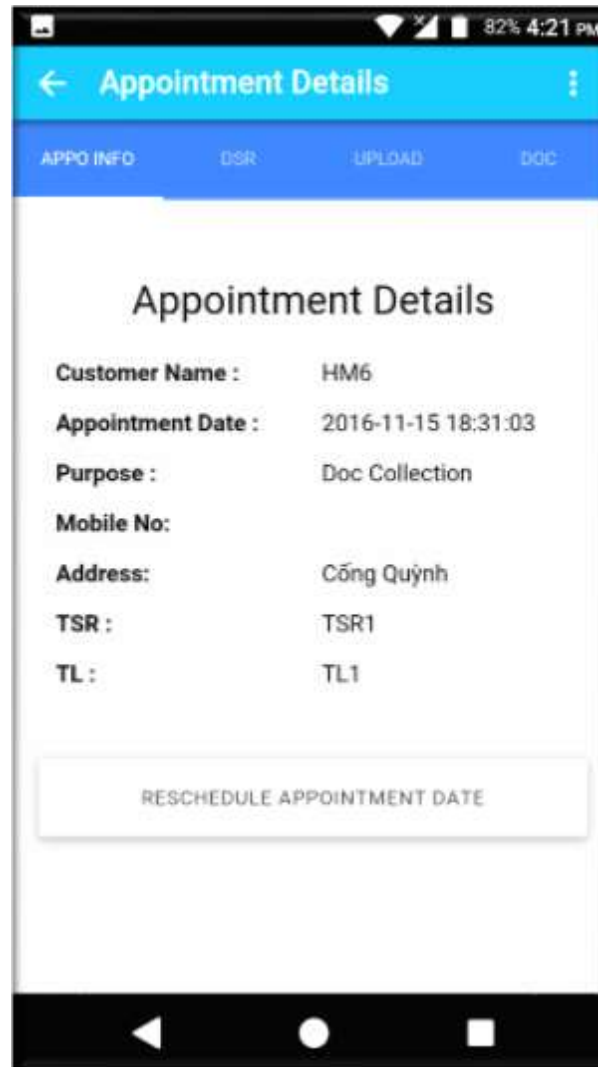

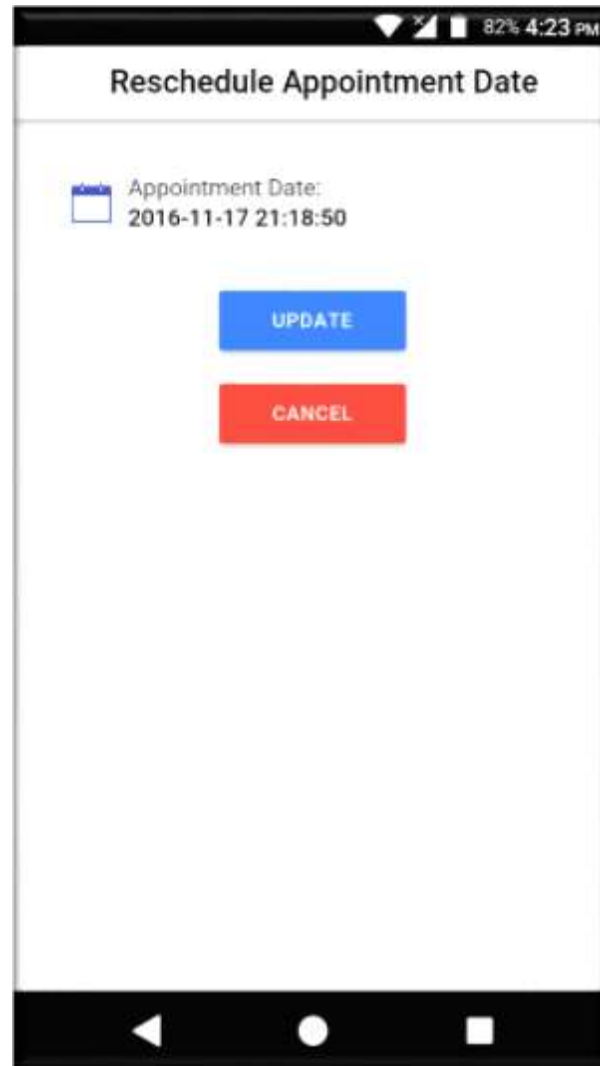

# Out of Office – Attendance & Hours

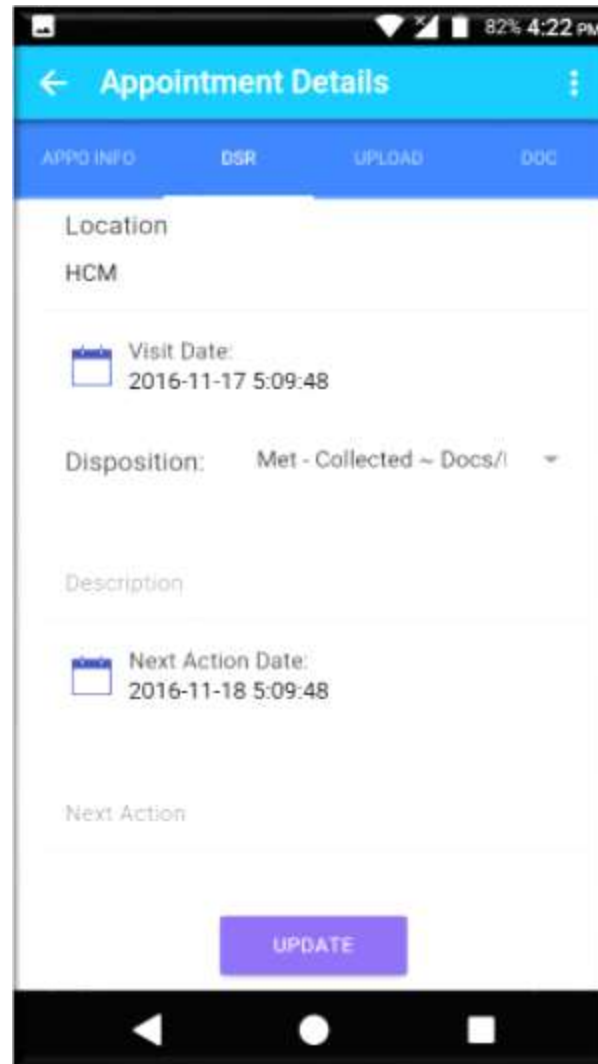

# Customer & Appointment – Tab Based

# Document Check List - Update

# Electronic Document Upload

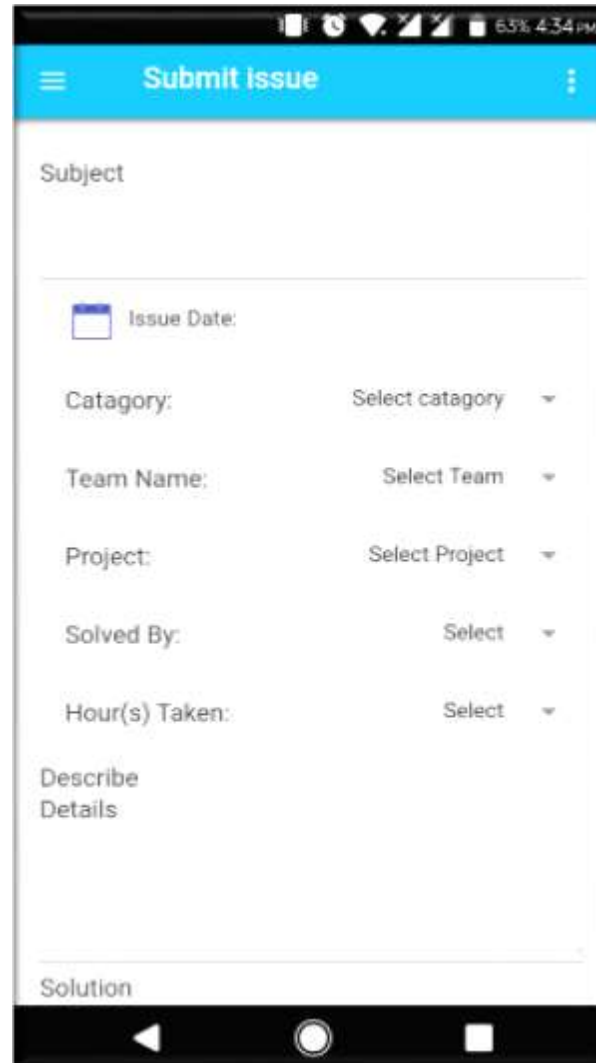

# File Upload – Local Storage Access

# Issues Upload

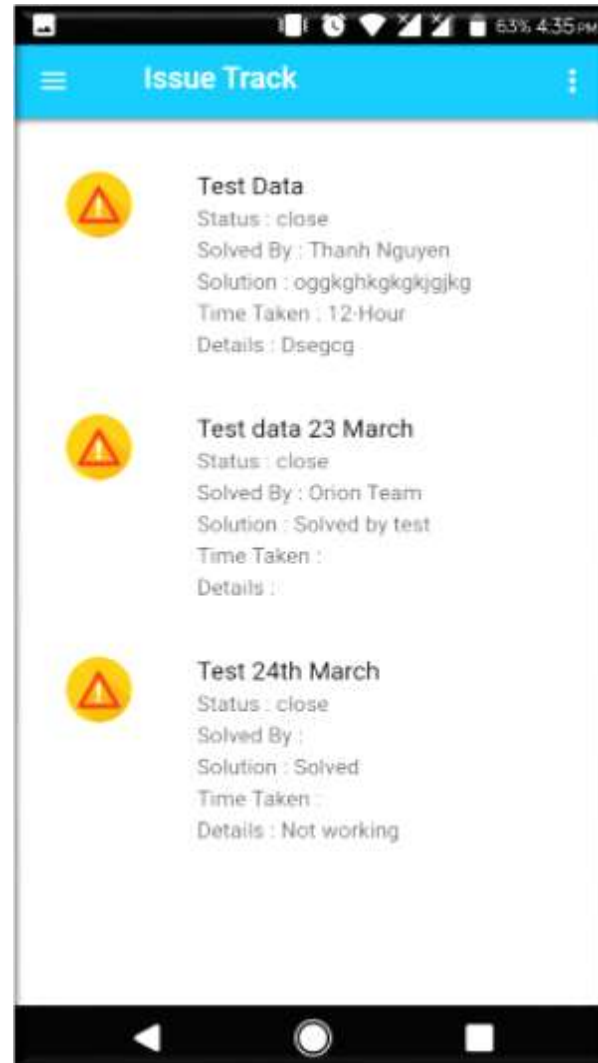

The screenshot shows a mobile application interface for submitting an issue. At the top, there is a blue header with a hamburger menu icon on the left, the text "Submit Issue" in the center, and a vertical ellipsis icon on the right. Below the header, the form is organized as follows:

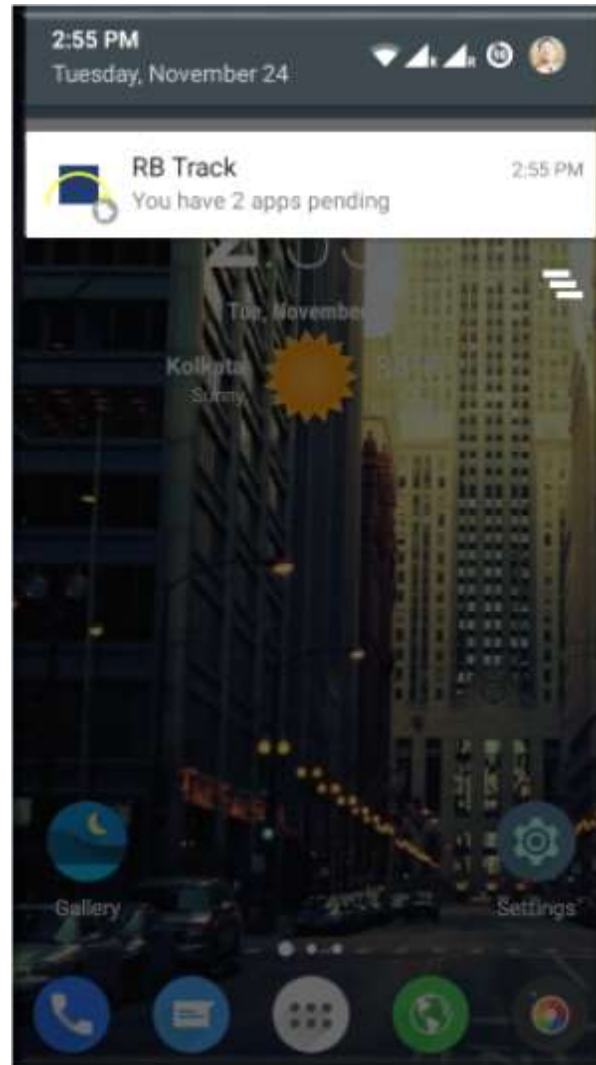

- A text input field labeled "Subject".
- A horizontal separator line.
- A date picker icon followed by the text "Issue Date:".
- A label "Category:" followed by a dropdown menu showing "Select category".
- A label "Team Name:" followed by a dropdown menu showing "Select Team".
- A label "Project:" followed by a dropdown menu showing "Select Project".
- A label "Solved By:" followed by a dropdown menu showing "Select".
- A label "Hour(s) Taken:" followed by a dropdown menu showing "Select".
- A text area labeled "Describe Details".
- A text input field at the bottom labeled "Solution".

The bottom of the screen shows the standard Android navigation bar with back, home, and recent apps icons.
